FITTINGS & ACCESSORIES

# BLACK SELECTION

# Powerful accents

Refined, elegant, yet also extravagant. The remarkable brilliance that adds such a luxurious touch to the bathroom is what makes the deep black, silk matt surfaces of BLACK SELECTION so striking.

A special lacquer coat makes them impervious, resilient and easy to maintain – ideal for both private bathrooms as well as furnishings for buildings. The velvety matt surface is remarkably pleasant to the touch.

# IXMO Fittings

True to the motto “less can do more”, the IXMO series of fittings incorporates complex functionality, producing a reduced and calm room aesthetic. The popular fitting design in the shower and bathtub is uniformly reiterated at the washbasin and bidet. For a uniform, integrated bathroom design in matt black, IXMO fittings leave nothing to be desired.

### IXMO FITTINGS

Fittings play a key role in every bathroom. As a design statement at the washbasin, they are crucial for creating the consummate bathroom design. In daily use they must demonstrate their functionality and lasting quality over and over again.

Thanks to the innovative fittings technology, IXMO shower and bathtub mixers require very few elements on the wall. They contrast particularly well against a white background.

- 1 IXMO Pure single-lever basin mixer
- 2 IXMO Flat single-lever basin mixer, in-wall
- 3 IXMO Soft single-lever basin mixer
- 4 Shower head, round Ø 250 mm
- 5 Single-lever mixer for 2 water draw-off points with hand shower bracket
- 6 Thermostat shower mixer for 1 water draw-off point with hand shower sliding rail

# REVA

## Accessories

The practical little helpers in the bathroom: They may not be front and centre, but if they weren't there at all, you would miss them. For perfect functionality and individual bathroom design, it's the small things that ultimately make the difference. REVA means "the one that connects", and as a combination of design and function, it truly lives up to its name.

With a matt black finish, they set powerful accents and play a key role in the bathroom design.

### REVA ACCESSORIES

The REVA assortment offers an appealing selection of accessories. Its special hallmark is its perfection in the details. At the washbasin, this is demonstrated perfectly in the lotion dispenser with practical single-handed operation and aesthetic, black-lacquered cup for easy filling. Because it is operated from below, wet hands do not splash water droplets on the surface of the dispenser. With the towel holders, one and two-arm models are available.

- 1 REVA toilet paper holder
- 2 REVA toilet brush set
- 3 REVA toilet paper holder with shelf
- 4 REVA spare paper holder

To furnish the WC area, the toilet paper holder is available either with or without a shelf. Even in the REVA toilet brush set with black-lacquered bowl, the perfection in the details is clearly recognisable: The removable synthetic insert is easy to clean, and the drip basin ensures that the toilet brush is always dry.

# PLAN

## Accessories

What would a bathroom be without the matching accessories? In bathroom design, high quality bathroom accessories are essential to a harmonious overall picture. In matt black they add the finishing touch to the design and complete the furnishing concept. They are clever everyday heroes, they set special accents, and assist you as inconspicuous servants and convenient helpers.

PLAN offers accessories with exactly such details, the kind one hates to go without – both for private bathrooms as well as for bathrooms in hotels and other buildings of all kinds. The design classic among the accessories with a fashionable look.

# Shower shelves

For the perfect blend between design and storage space: KEUCO shower shelves offer a lot of space, and with their fashionable look in matt black powder-coated aluminium, they are stylish design items in the shower.

In addition to two different wall-mounting designs, with either drilling or bonding, there is also one that can be hung on the glass partition. In addition to the standard widths, shower shelves with widths of up to 1600 mm are also available. So there is space for all your care products. The care products are hidden behind the high face, so the shower always has a clean and tidy appearance.
